## Background

In accordance with the Government of Saskatchewan's Policy Statement, 2021 (re: Free Menstrual Products in Saskatchewan Schools) Lloydminster Catholic School Division (LCSD) opposes all forms of discrimination, perceived or actual prejudice, exclusion, or intimidation based on students' menstruation cycle and actual or perceived gender identity. LCSD recognizes the right of all children and youth to education. Furthermore, the Division is committed to ensuring its' schools create a learning environment where all students who menstruate feel included, safe, and respected.

Access to menstrual hygiene products should not be a barrier for young people who wish to attend school or to participate in any school activities. Consistent access to school activities can contribute to improved attendance and to an increase in performance of students in schools.

Supporting a student's menstruation has historically been a parental/guardian's responsibility. However, LCSD can also have an important supportive role by developing and implementing **AP 345 Free Menstrual Products** to define the procedures for provision of menstrual products at no cost to students in designated location(s) in LCSD schools. These procedures are intended to actively support equity among all LCSD students.
